

8/19/2025

To our community and patients:

The NCWV Veterinary Emergency Clinic is in the process of renovating to better serve you and your pets. Our renovation schedule requires us to be closed in order for our floors to be poured. This is for the safety of your pets and our staff.

We were to originally be closed on Monday August 18th and Tuesday August 19th, but due to some unforeseen circumstances we will also be closed again Wednesday 8/20/2025 and reopen on Thursday 8/21/2025 at 6pm. We will be closed again on Monday August 25th thru August 28th for the last layer of pouring on the floors. We will return to our normal business hours on the evening of Friday August 29th in time for the long Labor Day weekend.

We know what an inconvenience this is for our community and our goal is to help provide you with options should your pet need after hours care.

While we are closed you can contact the following clinics if you have an emergency.

Thank you for your patience and understanding during our scheduled closing.
